The Complete Magician's Tables

By Stephen Skinner

ISBN 978-0-9547639-7-8. Hardback with dustwrapper. 432 pp. 16 ill.
2006. Golden Hoard Press. \$44.95.

These more than 777 tables are the most complete set of tabular correspondences covering magic, astrology, divination, Tarot, I Ching, Kabbalah, Gematria, isopsephy, angels, demons, pagan pantheons, religious and mystical correspondences currently in print.

They are more than four times larger and more wide-ranging and detailed than Crowley's *Liber 777*.

The source of the data in these tables ranges from unpublished manuscript mediaeval grimoires, Kabbalistic works, Peter de Abano, Abbott Trithemius, Albertus Magnus, Henry Cornelius Agrippa, Dr John Dee, Dr Thomas Rudd, Tycho Brahe, S L MacGregor Mathers (and the editors of Mather's work, Aleister Crowley and Israel Regardie), to the most modern theories of prime numbers and atomic weights. The sources include many key grimoires such as the *Sworn Book*, *Liber Juratus*, the *Lemegeton (Goetia, Theurgia-Goetia, Almadel, Pauline Art)*, *Abramelin*, and in the 20th century the grimoire of Franz Bardon.

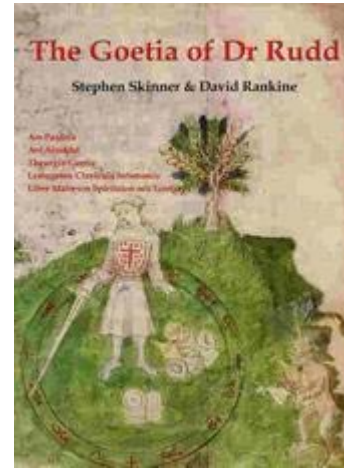

All this material has been grouped and presented in a consistent and logical way covering the whole Western Mystery tradition and some relevant parts of the Eastern tradition.

ABOUT THE AUTHOR: **Stephen Skinner** has written more than 20 books, which have been published worldwide in 17 languages. These books have had introductions by such diverse people as Colin Wilson, HRH Charles Prince of Wales, and Jimmy Choo, shoe designer to the stars. They have included: editions of classical works on magic by Paracelsus, Austin Osman Spare, Crowley, and John Dee; books on Western geomancy, including *Divinatory Geomancy*; books in collaboration with Francis King, including *Nostradamus* and the still popular *Techniques of High Magic*; and Stephen's own bestselling *Millennium Prophecies*. In 1976 he published the first English book on feng shui in the 20th century: the *Living Earth Manual of Feng Shui*, and went on to launch *Feng Shui for Modern Living* magazine; his other books in this field include *Feng Shui: the Traditional Oriental Way*.

Stephen took up again the thread of John Dee's work when he published *Practical Angel Magic of Dr. John Dee's Enochian Tables* in 2004 with co-author David Rankine, opening the doors on real 17th century angel magic in a way never done before. He lives in Johor Bahru near Singapore, where he pursues researches into the practical aspects of both magic and feng shui. His website address is <http://www.SSkinner.com>.

The Goetia of Dr Rudd

By Stephen Skinner and David Rankine

ISBN 978-0-9547639-2-3. Hardback with dustwrapper. 448 pp. 19 ill.
Sourceworks of Ceremonial Magic Series: Vol. III. 2007. Golden Hoard Press. \$72.

The Goetia is the most famous grimoire after the *Key of Solomon*. This volume contains a transcription of a hitherto unpublished manuscript of the *Lemegeton* which includes four whole grimoires: *Liber Malorum Spiumum seu Goetia*; *Theurgia-Goetia*; *Ars Paulina* (Books 1 & 2); and *Ars Almadel*.

This was owned by Dr Thomas Rudd, a practising scholar-magician of the early seventeenth century. There are many editions of the *Goetia*, of which the most definitive is that of Joseph Peterson, but here we are interested in how the *Goetia* was actually used by practising magicians in the 16th and 17th century, before the knowledge of practical magic faded into obscurity.

To evoke the 72 demons listed here without the ability to bind them would be foolhardy indeed. It was well known in times past that invocatio and ligatio, or binding, was a key part of evocation, but in the modern editions of the *Goetia* this key technique is expressed in just one word, 'Shemhamphorash', and its use is not explained.

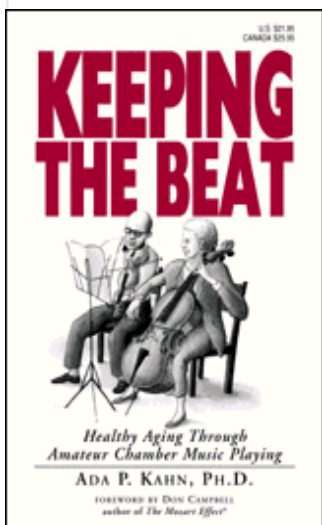

This volume explains how the 72 angels of the Shemhamphorash are used to bind the spirits, and the correct procedure for safely invoking them using dual seals incorporating the necessary controlling angel, whose name is also engraved on the breastplate and Brass Vessel.

ABOUT THE CO-AUTHOR: **David Rankine** has been practising magic for the last 25 years and writing about it for the last 17 years. During that time he has been involved with Golden Dawn, Qabalistic and Thelemic groups, and gives regular talks and workshops around Europe. He has also written *Becoming Magick*, *Magick Without Peers*, and *Crystal Healing and Folklore*, as well as being a major contributor to the *Enhancing Your Mind, Body, Spirit* partwork. David lives in London.

Keeping the Beat

Healthy Aging Through Amateur Chamber Music Playing

By Ada P. Kahn, Ph.D.

ISBN 0-930121-01-5. Paperback.
ISBN 0-930121-02-3. Hardcover.
257 pp. 1999.
Wordscope Associates.
\$21.95 / \$27.95

What do healthy aging and chamber music playing have in common?

Find out when you read interviews with twenty-four spirited amateur musicians as they relate their experiences and the importance of chamber music in their lives. They have discovered that participation in music contributes to new and long-lasting friendships; that musical activities provide challenges, goals, and a sense of mastery; and that playing musical instruments involves physical and mental exercise.

Keeping the Beat is about the joys of tuning-up mature minds and bodies through participation in music making—a process that lifts their spirits and relieves an accumulation of life's stresses.

"Keeping The Beat is an encouragement to all of us not-so-young amateur musicians!" - Jane Wilson, Chairman, Amateur Chamber Music Players

"A chamber music ensemble at any level of proficiency is a little realm whose members share a goal, stretch themselves, help each other, act creatively, resolve conflicts, achieve a sense of mastery, and know they are needed. For those rewards, Ada's friends have found ways of enduring, working around, or compensating for diminished hearing, vision, mobility, memory, or endurance." - Ted Rust, Publisher, *Music For the Love of It*

"The players you will read about in *Keeping the Beat* have indeed experienced "The Mozart Effect"®. All music participation affects their moods. It makes them feel happier, inspired, excited, empowered, comforted, or heroic. Read and enjoy their stories. They will be inspirational not only to musicians, but to all who want to know more about one avenue toward healthy aging." - Don Campbell, author, *The Mozart Effect*®

ABOUT THE AUTHOR: Award-winning writer Ada P. Kahn, Ph.D., is the author of more than a dozen books including *The Encyclopedia of Work-Related Injuries, Illnesses and Health Issues* and *Stress A-Z*. *Keeping the Beat* has won awards from the Greater Chicago Area Chapter, American Medical Writers Association and the Illinois Woman's Press Association. The Mystery of the Christ Force

A Personal Story of Enlightenment for Spiritual Seekers

By Ron Scolastico, Ph.D.

ISBN: 0943833167.
Paperback. 308 pp.
Universal Guidance Press.
January 2007.
\$22.00.

In *The Mystery of the Christ Force*, Ron Scolastico relates his exciting, true spiritual adventure story, from a childhood of fearing “hellfire and damnation” to his emergence as a renowned metaphysical counselor. This powerful work explores the extraordinary cosmic energy of the Christ Force, and reveals how the soul of Jesus created a permanent energy bridge between the human and the divine.

“I love this book. It could help to make a better world. I think a lot of people have an intuitive sense that there is something deeply important about the life of Jesus, but they are put off by the ‘holier than thou’ interpretation that is so prevalent today. They hunger for something more. The Mystery of the Christ Force gives them what they hunger for.” - Dr. John Bardi, professor of philosophy and religion, Pennsylvania State University

“This book illuminates the life of Jesus and the mystery of the Christ Force in a new way. Dr. Scolastico takes us on an incredible journey beyond traditional sources of knowledge to experiences of spiritual depth that connect us to our own sense of the divine.” - Lois A. Vitt, Ph.D., sociologist and author, Middleburg, Virginia

“This is a book that will touch anyone, regardless of their spiritual orientation. It presents deeply inspiring wisdom that will help you awaken to the magnificence of the spiritual realities of life.” - Barbara DeAngelis, Ph.D., best-selling author of *How Did I Get Here?* and others

“The Story of Dr. Scolastico’s search for enlightenment inspired and entertained me. His discoveries about the Christ Force reveal profound metaphysical truths that will open your heart and stimulate your mind.” - Chris Ternand, M.D., University of Minnesota

“The finest spiritual readings I have ever encountered are from a gentleman named Dr. Ron Scolastico, Ph.D. of California.” - David Ashworth, in his book *Dancing with the Devil*

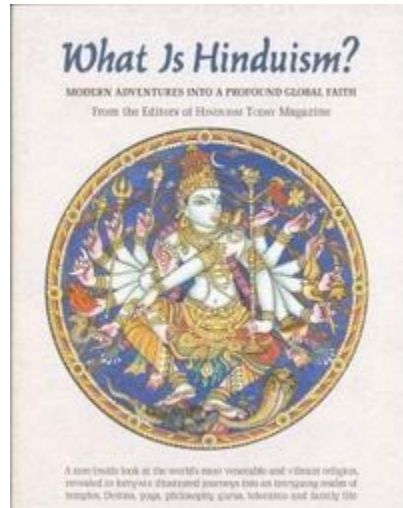

ABOUT THE AUTHOR: Ron Scolastico, Ph.D., is a distinguished transpersonal psychologist, author, artist, and spiritual counselor who has studied human consciousness for more than thirty years. He has a unique ability to enter a deep state of consciousness and draw upon a vast source of wisdom that lies outside of ordinary awareness. This source of wisdom is often referred to as “The Guides.” The Guides describe themselves as loving spiritual beings who exist beyond physical reality. Since 1978, they have spoken through Dr. Ron Scolastico in more than 18,000 personal and group readings. From that state of greatly expanded consciousness, Dr. Scolastico speaks in depth on many aspects of life.

Everything You Know IS WRONG

Origins of Life and Humans

By Lloyd Pye

ISBN 978-0-9793881-9-4.
Paperback. 330 pp.
October 2007.
Bell Lap Books.
\$17.95.

Your great-grandfather's great-grandfather knew for an absolute fact that the universe revolved around the Earth.

Your grandmother knew for sure that Pluto didn't exist.

You know for sure where you came from.

This year, STOP knowing. START doubting.

The much anticipated updated revision to Pye's break-out alternative best-seller, this edition of *Everything You Know IS WRONG* includes every revolutionary page of the original "Book One," plus new graphics, cutting-edge updates, and an entire new section.

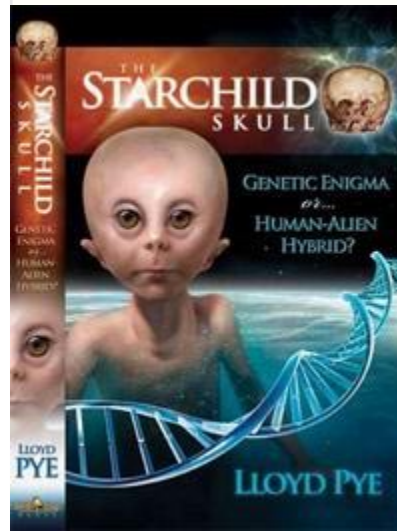

Here is one example of the contents. If you think Egypt's pyramids are a marvel of ancient engineering, consider this: For the three pyramids of Giza to have been built in the 100 years they supposedly were, one stone averaging 3.5 tons had to be set in its place (quarried, shaped, transported, and inserted into its correct position) every 8.5 minutes of those 100 years! Sound impossible? What if it WAS?

Drawing on evidence from archaeology, genetic science, the Sumerian translations of Zechariah Sitchin, and a lifetime of personal research, Lloyd Pye's seminal work proposes a shocking new theory of the origins of life and humans. *Everything You Know IS WRONG* is jam-packed with enough "you won't believe it" facts to keep you turning page after page.

"The author, while passionate about the subject, remains quite affable in his writing technique (as he is in person actually). He meanders through some of history's most perplexing and misunderstood myths and beliefs but always manages to keep the reader hooked by introducing alternate schools of thought. All in all, a very entertaining and well-researched book. Recommended!" - Edward F. Fornaris, AMAZON.COM

ABOUT THE AUTHOR: A professional writer for 30 years, Lloyd Pye has published novels, worked in Hollywood as a screenwriter, and has numerous magazine and newspaper articles in his resume. He has spent the last decade focused on his nonfiction writing, and is a widely-recognized expert on hominoids—bigfoot, sasquatch, yeti, etc.—and authority on the Intervention Theory of origins (of both life and humanity), which stands in sharp contrast to Darwinism (evolution), Creationism, and Intelligent Design. In the eight years since he began research on the starchild skull, he has appeared on over 200 radio programs in the U.S. and around the world. He has been filmed for documentary programs by *The Learning Channel*, *National Geographic*, *Animal Planet*, *Extra*, and, in England, *The Richard and Judy Show* (their equivalent of *Oprah*), and has lectured throughout the U.S. and in Canada, England, the Netherlands, Australia, and Brazil. A graduate of Tulane University, New Orleans, he now lives with his wife, Amy, on the Gulf Coast of Florida. (See also <<http://www.lloydpye.com>>)

THE STARCHILD SKULL

Genetic Enigma, or... Human-Alien Hybrid?

By Lloyd Pye

ISBN 978-0-9793881-4-9.
Paperback. 280 pp.
July 2007.
Bell Lap Books.
\$16.95.

In 1930, a girl in Mexico found two skulls and brought them to the U.S. One was a normal human, the other was something else. In February 1999, Lloyd Pye's reputation for meticulous research brought him to the attention of the couple who now owned the second, highly unusual human skull: they wanted it scientifically evaluated.

Thus began the eight-year odyssey that has culminated in Lloyd's latest book, *The Starchild Skull* (<<http://www.starchildproject.com>>). Lloyd Pye has spent the past eight years overseeing extensive, highly-detailed scientific testing conducted on both skulls. Eight years of scientific testing strongly suggest one of the skulls may be a human-alien hybrid.

The Starchild Skull is an addictively readable, charmingly wry book chronicling Lloyd Pye's eight-year odyssey with the skulls and the friendships, hardships, and even love he found along the way.

"With The Starchild Skull, Lloyd Pye has not only produced a riveting page-turner (I consumed every word in just two sittings) but also a serious case study of one of the weirdest relics ever known to science. I will confess immediately that I know Lloyd personally and can vouch for his integrity. But more important, perhaps, I have actually met the so-called starchild—and can speak for its authenticity! So don't let anyone kid you—and I'm sure they'll try—that Lloyd is in this for the money or the starchild is a hoax. The author is genuine and the skull is for real.

"[Moreover,] the skull itself is infinitely weirder than you can possibly imagine. In fact, the more one studies it, with all the cutting edge tools of modern laboratories, the more and more weird it gets.... [but] Lloyd deftly handles the complex science so that it never comes between the reader and the reading experience. So The Starchild Skull becomes a beautiful, engrossing, warm, and often humorous account of Lloyd's up-hill and down-dale encounters with alternative researchers whose colourful lives are a wonder to behold and mainstream scientists who defend at all costs their cosy world view of human evolution.

"Is the skull a unique human mutation, or is it evidence that a higher intelligence once visited the Earth and perhaps interbred with man? The only way to know for sure...is to subject the skull to a recently developed, very expensive DNA recovery technique that for the first time in history will allow full recovery of any genome, even those as exotic as Neanderthals—or the starchild. In summary, the starchild skull is one of the weirdest relics ever known to science—but more scientists need to find out about it." - Alan Alford, author, Gods of the New Millennium, The Phoenix Solution: Secrets of a Lost Civilization, and others

Say "Yes" to Love: Magic Cat (an enlightened animal) Explains Creation

communicated
through
Yael Powell

ISBN 0972599142.
Paperback.
282 pp.
9 pages of
illustrations.
December 2004.
Circle of Light
Press.
\$16.00.

In this classic in the field of animal communication, Yael Powell, a universal communicator and author of the Say "YES" to Love Series of Messages from God, shares her conversations with her special animal companion, Magic Cat, who is an enlightened animal and a Master in the spiritual realms.

Magic first came to Yael as a six-month-old stray. He was yowling and refused to go away. Yael and husband Doug tried to ignore him, but he won them over and he and Yael soon "fell in Love." Magic Cat has always been very strong-minded. One evening in 2001, he pressed his furry forehead against Yael's third eye, and a marvelous Message came forth from this special cat about the Web of Life. This inaugurated the messages contained in this book. Topics include Sacred Sexuality through the eyes of a cat, our "loopy" minds, death, the difference between cats hunting and humans eating meat and much more.

If you love animals, if you've ever wondered about their spirit, if you've ever wanted to commune with one, you will love the candor and beauty of Say "Yes" to Love: *Magic Cat (an enlightened animal) Explains Creation*.

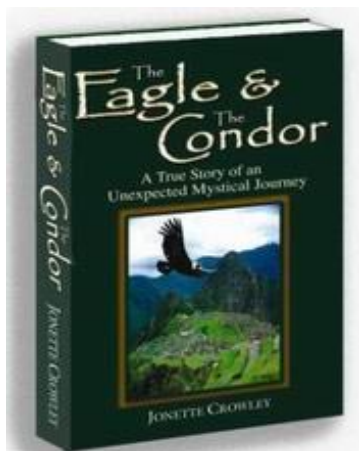

"Oh, my dear friends... I just finished *Magic Cat Explains Creation* last night and I can only say, Wow! I wept for the first 100 pages. Yael and Doug Powell of the Say YES to Love books have once again been pure conduits for a most profound message of Love! *Magic Cat's* messages through Yael are deeply insightful and touch the very altar of the human heart!

"I have yet to meet a soul upon this planet whose life has remained untouched by the divine love of an animal. Almost every spiritual tradition has promised that one day the animals would communicate with us. At long last, the time has come. *Magic Cat's* wisdom and spiritual vision will have you weeping too in recognition of the truths he's shared. Thank you, thank you, dear *Magic Cat* (although I'm sure he has received my gratitude already through the ethers)." - Angelina Heart, author of *The Teaching of Little Crow*, Virgin, Utah

ABOUT THE AUTHORS: Yael Powell is a mystic and universal communicator who has experienced a daily communion with God during 35 years of meditation. Housebound because of a disability of the spine, Yael's path has led her to be "the pen in God's hand." Circle of Light Press has published five books of God Messages, with more to come. Her animals are her companions in Love, as witnessed by this beautiful volume of animal communication.

Winner of the 2007 Coalition of Visionary Resources (COVR) Award for Autobiography, presented at the International New Age Trade Show, Denver, Colorado.

Imagine Machu Picchu—the splendor, the green. You're standing on the highest promontory, the Temple of the Sun, soaking it all in. All of a sudden, you're taken back to another time, when you are an Incan Priest or Priestess. As you fall through this wormhole in time, you're not alone. Simultaneously, the same thing is happening to another person in your group. Without words, together you perform a powerful initiation that you don't remember but you know. Imagine magical occurrences such as this happening again and again as you travel through Peru, some of the events linking back through your life to decades earlier, and millions of years before—to Lemuria. How would you make sense of all of it?

The Eagle & the Condor unfolds you in mystical richness as you walk with the author in a sacred forest in Australia, a trek to the Mount Everest base camp in the Himalayas, and to Machu Picchu in the Andes. She learns to communicate with spirit guides and take people with her on journeys of consciousness. Unexpectedly, she discovers that the Andean shaman she has hired is her soul's Twin Flame (and she didn't even believe in Twin Flames until the moment she set eyes on him!). They find themselves sharing a grass hut in the Amazon—and she is a happily married businesswoman. After all this, her guiding voice insisted that she write a book, and that she go back to Peru a second time—alone, for the solstice with the shaman.

By Robert Bowie Johnson, Jr.

ISBN # 978-0970-543816. Paperback.
160 pp. July 2002. Solving Light Books. \$14.95.

The sculptures over the sacred east entrance of the Parthenon depicted the very heart of ancient Greek religion—what we refer to today as Greek mythology. But to the Greeks, a myth (*mythos*) was not a fanciful tale, but rather the description of a living reality, something they believed happened once long ago, and had continued ever since to influence their world and human destiny. What *Athena and Eden* reveals about these myths has remained hidden for two millennia.

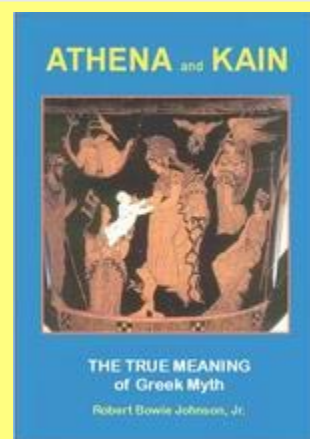

Panayotis Tournikiotis, architect and adjunct professor at the National Technical University, Athens, begins the foreword to his book *The Parthenon and Its Impact on Modern Times* with these words: "Today, the Parthenon is recognized as the most important monument of Western civilization." When you read *Athena and Eden*, you will understand, more than ever before, why this is so.

Robert Bowie Johnson writes: "On behalf of our ancient Greek ancestors, I urge you to purchase *Athena and Eden* (the book and/or the CD) and become a part of this amazing and edifying exploration and reconstruction of the east façade of Athena's magnificent temple—the Greeks' great monument to the serpent's side of Eden."

Athena and Kain: The True Meaning of Greek Myth

By Robert Bowie Johnson, Jr.

ISBN # 978-0970-543824. Paperback.
224 pp. July 2003. Solving Light Books. \$14.95.

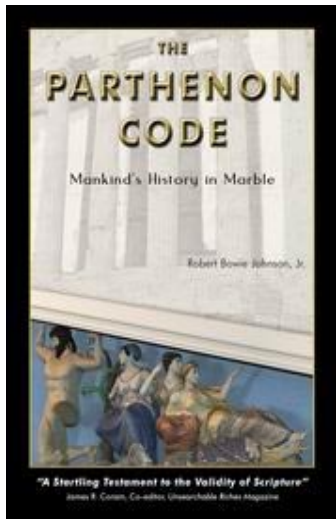

Athena and Kain: The True Meaning of Greek Myth is a revolutionary new book which explains for the first time: how the Greek religious system relates directly to the early events described in the Book of Genesis; how the Greeks depicted the Flood and their version of Noah in sculpture and vase-paintings; why the Greeks were obsessed with sculpting and painting the half-men/half-horses known as Kentaurs; why Greek heroes had to kill women warriors known as Amazons; the meaning of the Greek gods' epic defeat of the so-called Giants (the Yahweh-believing sons of Noah); the religious significance of the twelve labors of Herakles; the meaning of the sculptures on the temple of Zeus at Olympia (two pediments and twelve metopes); the real meaning of the "contest" between Athena and Poseidon depicted on the west pediment of the Parthenon; and the identity of the infamous "mother of the prostitutes" (in Revelation 17:5).

THE PARTHENON CODE

Mankind's History in Marble

By Robert Bowie Johnson, Jr.

ISBN 0970543832. 7 x 10. Hardcover. 251 Black & White Illustrations. 288 pp. June 2004. Solving Light Books. \$29.95.

The Parthenon Code reveals, for the first time in 2,000 years, the meaning of the seven sculptural themes on Athena's temple. A simple but hidden artists' code, expressed on vase-paintings and the Parthenon sculptures, leads to the astonishing truth that Greek myth/art chronicles in great detail the reestablishment of the way of Cain (Cain) after the Flood. The events of Eden were part of the Greeks' collective cultural memory, and their special interpretation of those events made up the very basis of their religious system. Greek myth/art is human history. The Book of Genesis is human history. While the viewpoints of each are opposite, the recounted events match each other in convincing detail.

The Greeks knew exactly who Noah was. They called him Nereus, the "Wet One." While it is true that the Greeks built the Parthenon to glorify the serpent-worshipping Eve of Genesis, it is also true that they built it to celebrate their "victory" over Noah and his God.

"Sitting in the shade of the Acropolis in Athens and looking up at the Parthenon while reading it, the book made complete sense of the way ancient Greek artists communicated in a layperson's language....[The book] is in a rare class of literature that can be classified as the beaconing light to understand humanity." - *New Europe/The European Weekly*

"One of the most original, engaging, thoughtful, and thought-provoking works....an iconoclastic, mind-stimulating, and strongly recommended read." - *The Midwest Book Review*

"The most original book of the decade, if not the last fifty years." - Ron Pramschufel, *BooksJustBooks.com*

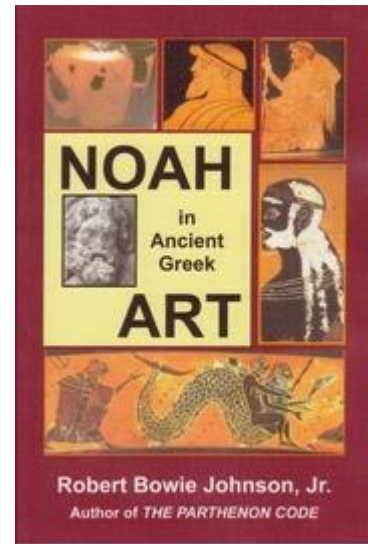

"This is the book the thinking Christian community has been waiting for." - Ian T. Taylor, *Creation Moments*

NOAH in Ancient Greek ART

By Robert Bowie Johnson, Jr.

ISBN 9780970543844. Paperback. 112 pp. III. August 2007. Solving Light Books. \$11.95.

The successor to *The Parthenon Code: Mankind's History in Marble*, *Noah in Ancient Greek Art* goes much more deeply into the true identity of Athena, identifying the real woman she represents: the one who came through the Flood on the ark as Ham's wife. In the early post-Flood world, she was so influential in promoting the resurgence of the way of Cain (Cain) that every Mediterranean and Mideastern culture idolized her, often using different names for different aspects and achievements of this "goddess."

The author establishes that Noah was not some vague figure remembered by a few maverick Greek artists but rather that the Greek vase-artists and sculptors actually defined the rapid growth and development of their contrary religious outlook in direct relation to Noah and his loss of authority. Greek artists portrayed the victory of their man-centered religion as the simultaneous defeat of Noah and of his Yahweh-believing children. The twelve labors of Heracles sculpted on the temple of Zeus at Olympia (Section III) in and of themselves chronicled and celebrated mankind's successful rebellion against Noah and his God after the Flood.

Section IV explains why the scholarly world remains blind to the obvious and simple historical truths expressed in ancient art.

Noah in Ancient Greek Art is a true revelation, an uncovering of the most significant magnitude. Greek vase-paintings and sculptures have been catalogued and examined by academics for the last two or three centuries. Thanks to the author's groundbreaking work, we can now understand what our Greek ancestors were trying to tell us about themselves in their art 2,400 years ago.

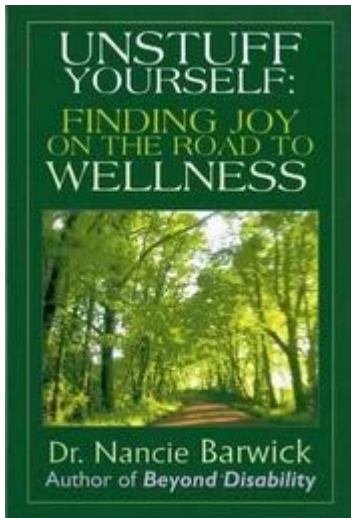

About the Author: Robert Bowie Johnson, Jr. is the author of *Athena and Eden: The Hidden Meaning of the Parthenon's East Facade*, *Athena and Cain: The True Meaning of Greek Myth*, and *The Parthenon Code: Mankind's History in Marble*. He holds a degree in science from West Point and lives in Annapolis, Maryland.

The Reality of Time

By Janet Iris Sussman

ISBN 0-9643535-0-2. Paperback. 376 pp. January 2005. Time Portal Publications. \$17.95.

This finely crafted work draws the reader into an experiential, wholly original perspective on the nature of time and human awareness. Physics readers will marvel at how quantum mechanics can be elucidated from the inside out. Readers interested in the study of consciousness will begin to understand the importance of time to the unfoldment of unity consciousness and self-realization. Most people think of time simply as a passive, mechanical tool for measuring reality. The new idea introduced here is that time is a dynamic field responsible for creating the material universe. *The Reality of Time* seeks to explain that inner reality.

“Once in a long while a book comes along that has the capacity to turn the page on what we thought of as ‘reality.’ One enters into a dimension that transcends the usual language, the cadences of ordinary thought. But the effort yields extraordinary treasures. One is introduced to a reality larger than one’s aspiration, more potent than all one’s dreams.” - Jean Houston

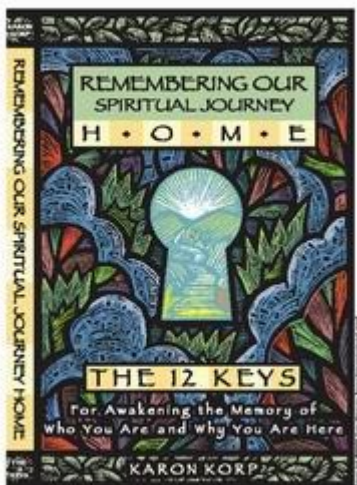

“Janet Sussman has written two deeply intuitive, highly metaphorical, and overwhelmingly intellectual descriptions of what I believe is the nature of time. She relates time to a sacred dimension of existence that few of us have access to. She has made the brave attempt to describe the indescribable as St. Augustine once realized. However, readers should be prepared to use their thinking caps when reading this.” - Fred Alan Wolf, Ph.D., National Book Award-winning author of *Taking the Quantum Leap* and many other books

“Janet Sussman possesses an uncanny grasp of a broad range of important concepts of science and metaphysics, as well as an unsurpassed command of the tools of the English language. The rich tapestry of structure and content that she has crafted in *The Reality of Time* reflects her vast experience in meditative practices, introspection, self-observation, and analysis.” - Ashish Chatterjee, Ph.D., nuclear theoretical physicist

About the Author: Janet Iris Sussman is a writer, musician and intuitive counselor. She has originated higher mental and super-conscious processes that enable students to more clearly perceive the inner mechanics of the human energy system. The yoga of traveling in time has developed through meditative experience and lucid dreaming sequences. Her first book, *Timeshift: The Experience of Dimensional Change*, is a voyage into the fabric of time that illuminates our consciousness.

GOD SHALL GROW UP Body, Soul, & Earth Evolving Together By Wayne E. Bloomquist

ISBN 0-9759755-0-1. Paperback. 352 pp. 2005. Pondy Publ. \$16.95.

A reviewer writes: "The pervasive push toward integrality, the transformation of human nature, the movement toward world-union, the insistence on creative diversity rooted in oneness, the growing synthesis of Eastern and Western thought, the strengthening connection between spirit and matter, and the drive many of us feel towards a new stage of human evolution—all can be traced to the action in the world of the [Indian/Hindu nationalist, scholar, poet, mystic, evolutionary philosopher, yogi and guru] Sri Aurobindo. Nominated for the Nobel prize in Literature shortly before his death in 1950, this Cambridge-educated Bengali began a bold futuristic 'evolutionary yoga' that promises to justify these millennia of human suffering with a divine life in a divine body, right here on planet earth."

Briefly in 1916, then permanently in 1920, Sri Aurobindo was joined by Mirra Richard, who had been an accomplished painter and musician in France before obeying a directive "from within" to come to Pondicherry, India, to study with the Master. When Sri Aurobindo withdrew into a life of seclusion and meditation, Richard, now known as the Mother, took over the direction of the ashram. The Mother (who died in 1973 at age 95) declared that on Feb. 29, 1956, the Supramental Consciousness-Force or the Supermind descended into the Earth's atmosphere and that this was the next stage in our planet's evolution from mind to supermind—a non-dual consciousness containing the truth within itself.

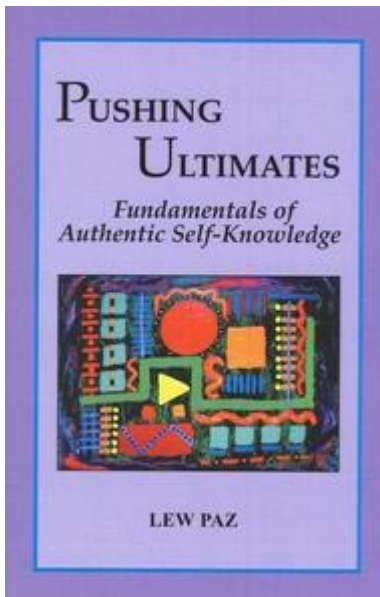

Dr. Bloomquist's book is one of the first to introduce to the West in lucid prose the pioneering predictions for the future of mankind set forth by Sri Aurobindo and the Mother.

"God Shall Grow Up takes the quest [set off by the movie What the Bleep Do We Know?] deeper into the hidden consciousness involved in our bodies and the earth itself, and introduces us to our soul.... It is not often that a book can rivet one's attention and speak to that deeper aspiration and feed that deeper hunger that we all feel. God Shall Grow Up is just such a book." - Santos Krinsky, Editor, Lotus Press, Twin Lakes, Wisconsin

About the Author: Wayne E. Bloomquist, Ph.D., was first exposed to the teachings of Sri Aurobindo by Dr. Haridas Chaudhuri in 1969 at the Cultural Integration Fellowship (CIF) in San Francisco, and has made extended visits to the Sri Aurobindo Ashram in Pondicherry since 1973. He received his Ph.D. in East-West Psychology from the California Institute of Integral Studies (CIIS) in 1976, and from 1989 to 1996 was president of the Sri Aurobindo Association, for which, with his wife, Surama, he was the national book distributor in the U. S. He is the editor of two compendiums of writings by the Mother, *Search for the Soul* (1990) and *The Soul and Its Powers* (1992), both published by Lotus Light Publications.

PUSHING ULTIMATES

Fundamentals of Authentic Self-Knowledge

By LEW PAZ

ISBN 978-0977373390.
Paperback. 397 pp.
March 2006.
PlumBell Publishing.
\$21.50.

Author, poet, artist, Lew Paz set out forty years ago to pursue a life of Zorba the Greek adventure merged with Socratic questioning of all knowledges, which developed into a spiritual quest of the most compelling sort. After four decades of hard road travel over half the earth, including countless sunup to sunset days in libraries great and small, deeply delving for truth and wisdom, Paz spent seven years condensing his accumulation of knowledge into one truly informative work, *Pushing Ultimates*.

Pushing Ultimates is a challenging, enriching journey, encompassing the evolution of consciousness, while skillfully weaving mysticism, theology, psychology, philosophy, quantum physics, neurology, music, art, into meaningful and relevant patterns of clarification. Throughout this amazing odyssey, Paz never loses sight of the central theme—the endeavor to realize bottom line truths concerning our place amid the wild wonder of it all—and he accomplishes this without succumbing to New Age credulity or sterile scientific skepticism. His book skillfully condenses the essential elements of all vital fields of knowledge into 400 clarifying pages. Every person truly concerned with the essence of philosophical inquiry and spiritual growth should have a copy close at hand.

"An incomparable ontological odyssey. If there was ever a book with the power to dramatically enhance your life, this is it." - Dr. Douglas Zweig

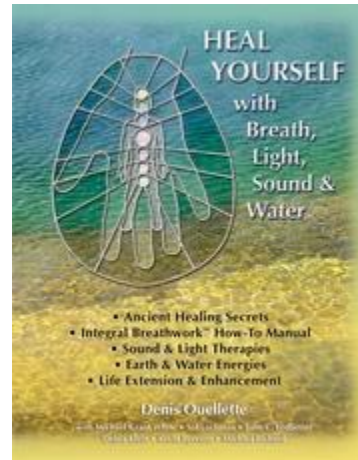

"There are few books that attain the dynamic freshness of Pushing Ultimates. To partake of the fruit of knowledge within its pages is to dine on a truly moveable feast." - Erica Drummond, Jungian psychologist

"Pushing Ultimates incorporates what Paz has discovered through philosophy, science, psychology, theology, mysticism, the history of religion, and the writings of such original thinkers and scholars as Jung, Aurobindo, Heidegger, Einstein, Godel, Gurdjieff and others. Highly recommended reading, the 397-page text of Pushing Ultimates (enhanced with several pages of chapter notes) is eminently accessible for the non-specialist general reader seeking an in-depth, sophisticated, erudite, sometimes iconoclastic approach to the acquisition of genuine self-knowledge." - Midwest Book Review

About the Author: After stints in the military including two years as a paratrooper, Lew Paz became one of the first anti-Vietnam War protesters, and as a consequence spent a year in military prison. He thereafter pursued a lengthy quest of travel, exploration and experimentation, eventually learning meditation from the direct tutelage of Zen Master Shunryo Suzuki. Over the past thirty years he has merged Zen teachings with Hatha and Jana Yoga, the psychological insights of Carl Jung, and the mental and spiritual disciplines of Aurobindo and Gurdjieff. The result is *Pushing Ultimates*.

William E. Hablitzel,
M.D.

ISBN 978-0977218516.
Hardcover. 256 pp. July
2006. Sunshine Ridge
Publishing. \$24.95.

2007 Independent Publisher Book Awards Medalist

In this book, William E. Hablitzel, M.D., a practicing physician and medical educator, shares the magic he has found in his patients' lives. Caring for them in hospitals, in examination rooms, and even in the back of ambulances, he has found lives stripped to their essence, and in the midst of that essence, great wisdom. In this book he balances details of the medical world with more human elements, such as the importance of friends and family, of staying in the moment, and of giving one's self. In an overworked and perpetually stressed society, his timely *carpe diem* message and life lessons will appeal to almost everyone. This book will change your life.

"He presents consistently interesting and well-written pieces about patients and colleagues who have brought him increased personal insight and awareness. He shows the wisdom, humor and resoluteness of a Marcus Welby in this engrossing and moving collection." - Publishers Weekly

"When a book leads me to tears and joy, as this book has, I know it contains the essence of life. Read it and reap the benefits and wisdom from the experience of others rather than your own rude awakening." - Bernie Siegel, M.D., author *365 Prescriptions For The Soul*

"Stories to heal your life—all true, all from the heart of a caring physician, who has been there—beautifully presented." - Wayne Dyer, the #1 *New York Times* best-selling author

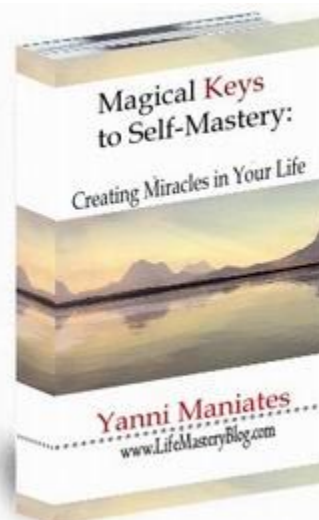

"...is more like a healing than a book. If I were sick, I'd want Bill Hablitzel to be my doctor." - Larry Dossey, M.D., author of *The Extraordinary Healing Power of Ordinary Things*

About the Author: Inspired by the human dramas he saw during five years as a firefighter-paramedic, William Hablitzel went back to school and graduated from the Medical College of Ohio, Toledo, with an M.D. Specializing in internal medicine, he joined the University of Cincinnati medical faculty and rose to associate professor. He runs a private practice while helping operate a free medical clinic in rural Ohio, and has been recognized for excellence in teaching by the University of Cincinnati and honored for his community service by resolutions passed in both of Ohio's state houses.

A BOOK ABOUT US

The Bible and Stages of Our Lives

By George F. Dole

ISBN 978-0-87785-326-8. Paperback. 192 pp. October 2007. Chrysalis. \$12.95.

What does the Bible tell us about who we are? About what we were? About what we can be? While many people read the Bible only as literal truth or history, George F. Dole presents another way of interpreting the Word: by regarding it as a narrative about moral and ethical development of human life in general and of each individual life. Rather than only being a book about what God said to his people millennia ago, the Bible speaks in God's voice to each of us today, developing an ongoing relationship between humanity and divinity that guides and empowers us on our journey through life. Beginning with birth, moving through adolescence with its attendant issues with authority and self-determination, traversing adulthood, accepting the rule of law and community with our fellow creatures, and finally arriving at our last destination, the Holy City, the human story is reflected in the struggles of the early Israelites and of the followers of Jesus. Seeing the Bible as the living Word, as a work that speaks to us in our time, can bring comfort and joy in a perilous world.

"George Dole presents an appealing narrative of his own that helps us to see how the Biblical story, with its incredibly vivid characters, both parallels our personal life stories and calls us to reshape them. Underlying this account is an important challenge to the reader: to embrace, rather than resolve, the various paradoxes of our lives. This book offers a step toward heaven by affirming the human quest for meaning and the centrality of the Biblical message for that quest." - Inese A. Radkins, Assistant Professor of Theology and the Dorothea Harvey Professor of Swedenborgian Studies at the Pacific School of Religion, Berkeley, California

About the Author: George F. Dole, Ph.D., educated at Yale, Oxford, and Harvard, is a Swedenborgian minister; a professor of Bible language and theology at the Swedenborg School of Religion; and the author or translator of many works, including *A Scientist Explores Spirit: A Compact Biography of Emanuel Swedenborg*; *A Thoughtful Soul: Reflections from Swedenborg*; *Sorting Things Out*; *Emanuel Swedenborg: The Universal Human and Soul-Body Interaction*; and *Heaven and Hell*. OBSERVING SPIRIT

Evaluating Your Daily Progress on the Path to Heaven with Gurdjieff and Swedenborg

By Peter Rhodes

Edited by Jody Perkins and Ruth Zuber

ISBN 0-87785-316-9. Paperback. 256 pp. 2005. Chrysalis. \$16.95.

Based on the teachings of G.I. Gurdjieff, P.D. Ouspensky, Maurice Nicoll, and Emanuel Swedenborg, Peter Rhodes presents a practical guide to spiritual progress. Stressing personal responsibility for overcoming negative traits, each chapter explains how we can realize our true spiritual potential by cultivating awareness of our baser reactions and by applying the tools of Gurdjieff's spiritual method, "The Work," to our everyday existence.

Rhodes joins "The Work" with the spiritual philosophy of Emanuel Swedenborg to enhance our understanding of how the world of spirit intersects our lives on the earthly level. At the conclusion of each chapter, tools for measuring the reader's progress are provided in the form of weekly tasks and meditations. This book can be used in group workshops or by the individual.

"...one of the best overviews of 'the Work' (Gurdjieff's method) that we have read....There are so many epiphanies here that it's hard to know where to begin. Rhodes reveals the ways in which we can steal good states from others: for instance, it is a spiritual theft when we stifle another person's joy or enthusiasm. We take ourselves away from the present moment in all its vitality when we leap aboard expectations and allow them to carry us away. There is a long section...on the unhappiness that comes into our lives thanks to likes and dislikes. These can also bring discomfort to others: 'Even though I have ornaments in my own pond and like them, I dislike other people's lawn ornaments. But now because I am in the Work, when I drive by other people's yards, I try to put my dislike aside and think what affection was active in the person who put the lawn ornaments there. What is it they are trying to share? They obviously like the ornaments and are trying to share that love with me. If I am busy disliking the ornaments, I can't appreciate what the person is trying to share with me'....Rhodes has done us all a real service by putting together this workbook on spiritual progress as something that must grow out of daily practice and concrete intention." - Frederic and Mary Ann Brusset, *Spirituality & Health*

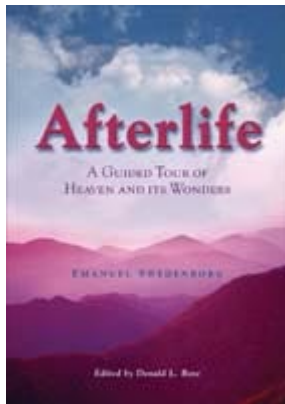

About the Author: For over twenty years, Peter Rhodes has led workshops on spiritual renewal based on the teachings of G.I. Gurdjieff, P.D. Ouspensky, Maurice Nicoll and Emanuel Swedenborg. A retired probations officer, Mr. Rhodes lives in Bryn Athyn, Pennsylvania, and works as a spiritual counselor. His earlier works include *Aim* and *Aim: The Workbook*.

AFTERLIFE

A Guided Tour of Heaven and Its Wonders

By Emanuel Swedenborg
Edited by Donald L. Rose

ISBN 0-87785-319-3. Paperback. 160 pp. October 2006. Swedenborg Foundation. \$12.95.

Swedenborg's best-known work, *Heaven and Hell*, has fascinated readers since its first publication in 1758. Through his spiritual journeys, Swedenborg witnessed the true nature of life in the next world and reported in intricate detail about the lives of angels, devils, and newly arrived spirits.

Donald L. Rose presents an edited version of *Heaven and Hell*, containing only passages from the original that describe the awakening of the soul in the afterlife, the joys and pleasures of heaven, and the chaos and threats of hell. Travel with a spirit as he awakens from death to begin the true adventure of a lifetime: learning about the nature of the afterlife, searching for an eternal home, finding an everlasting vocation, and mating for eternity. Visit the dwellings of angels and find out how they dress and what they do. Finally, learn why a soul might choose a life of deprivation and power struggles in hell over a life of useful service and community in heaven.

Begin the adventure now, so you'll be prepared for what lies ahead!

"...the best introduction to Swedenborg because it has the quality of a compressed image of all his theological works." - Colin Wilson, author of *The Outsider* and *Atlantis and the Kingdom of the Neanderthals*

"...a cartography of the inner realms unsurpassed and rarely equaled by any voyager to these other worlds before or since." - Gary Lachman, author of *A Dark Muse: A History of the Occult* and *A Secret History of Consciousness*

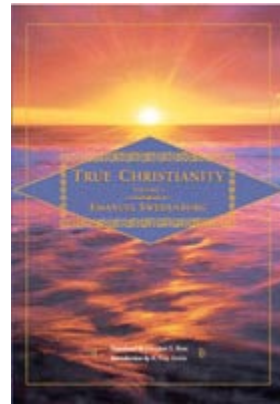

"Swedenborg makes the future life not only conceivable but desirable." - Helen Keller, author of *Light in My Darkness* and *My Life*

TRUE CHRISTIANITY

By Emanuel Swedenborg
Translated by Jonathan S. Rose

ISBN 0-87785-485-8. Paperback. 784 pp. March 2006. Swedenborg Foundation. \$15.00.

A completely new, annotated, scholarly translation of the most recent volume in the *New Century Edition of the Works of Emanuel Swedenborg*. Introduction by R. Guy Erwin. *True Christianity* presents a satisfying and sensible alternative to mainstream Christianity. The last book published by Emanuel Swedenborg, it serves as both the keystone in the architecture of his theology and the summary of his far-reaching psychological insights.

This volume, the first of two, provides unique and satisfying answers to humankind's perennial questions about the nature of God and about Jesus—not only what his purpose was and how he fulfilled it, but why his life and death are still relevant to us now. As Swedenborg's crowning achievement, *True Christianity* is unique. Its revolutionary exploration of spiritual topics is presented in a luminously clear and ordered style, bolstered with a wealth of biblical quotations; yet interwoven into its careful structure is an unprecedented abundance of humor, imagery, analogies, and accounts of Swedenborg's experiences in the spiritual world. *True Christianity* presents a sensible and satisfying alternative to mainstream Christianity.

This work is also available in hardcover.

"This freshly translated work is of the most profound significance for anyone interested in understanding Swedenborg's thought. In my judgment, it is essential for both students and scholars, who will find it both a fascinating read and an invaluable addition to the field. The comprehensive and illuminating preface, introduction, and notes bring new insights to the text and its contents; they are truly distinctive contributions that make this edition of *True Christianity* a must for any good library." - Dr. Antoine Faivre, professor emeritus of History of Esoteric and Mystical Currents in Modern and Contemporary Europe, Sorbonne

"*True Christianity* is the capstone of Swedenborg's thought and probably the best summation of his theology. It is invaluable for understanding the deeper meaning of Christianity. This new version, the best ever produced, presents this magisterial work with clarity and grace. The notes and introduction are not only helpful but fascinating." - Richard Smoley, author of *Inner Christianity: A Guide to the Esoteric Tradition* and *Forbidden Faith: The Gnostic Legacy*
